 Bret06  v1.9.3-1.20.5  60a5233 [Compare](#)

🌟 Release v1.9.3 - 1.20.5-1.20.6

Latest

Bug Fixes

- Fixed Mojang changing the grass decoration's namespace from minecraft:grass to minecraft:short_grass causing Herobrine's ground correction system to shoot straight down into the void when spawning.
- Fixed the husk that is used to keep the player awake when Herobrine is nearby to become visible.

Technical

- Removed Mojang
